

Case History

Exit clean for a property in Barry

Rainbow International Cardiff received a call from a tenant liaison officer asking if we could help an exit clean from a property.

The franchisee was instructed to quote for a major clean following an end of tenancy which proved to be a little more than he had bargained!

Rainbow went and looked at the job and quoted for what was a very serious clean-up operation. Not many cleaning and restoration companies have the skills and capacity for such a difficult and demanding project, which was completed within the deadline to the council's complete satisfaction.

As the pictures illustrate, the amount of rubbish that had to be removed was quite considerable and every room was very similar. The risk of infection in any such clearance is quite considerable, so full Health and Safety precautions needed to be observed meticulously. Following the clean-up we received an email:

'I would just like to pass on my thanks and appreciation for the wonderful work rainbow International did. I was present at the property a number of times throughout the clearance and I have to say how lovely, polite, friendly and understanding all the workers at the property were.

Overall a very thoughtful, caring and professional approach from all concerned with the work and I would therefore like to pass on my thanks and appreciation from myself and the home owner.'

It's a life of grime in some places we visit – but Rainbow's happy to clear it up!
